

Steady Jets and Transient Jets

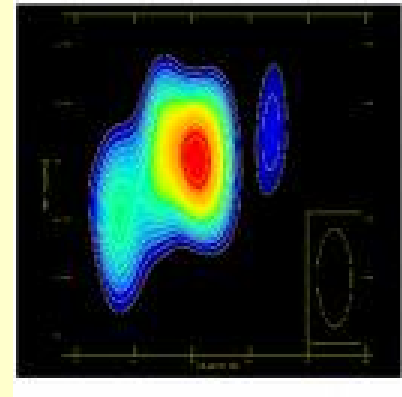

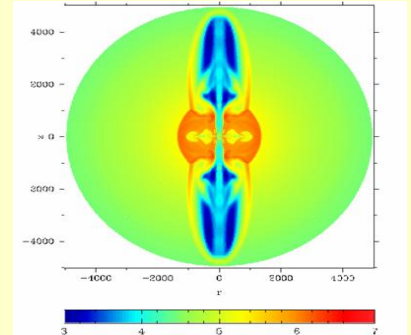

Max Planck Institut for Radio Astronomy, Bonn, Germany

7 - 8 April 2010

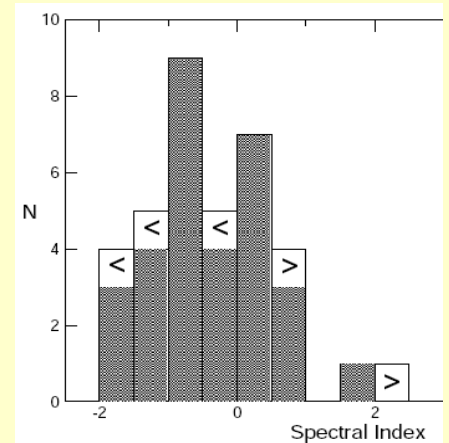

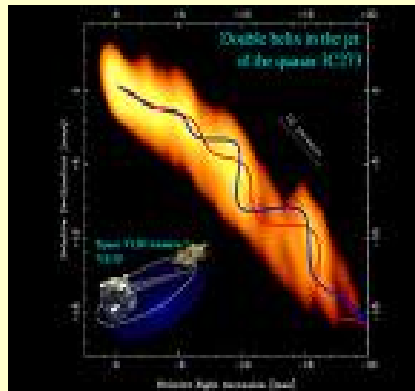

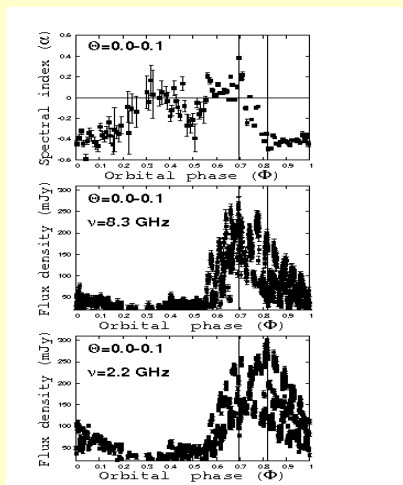

The aim of the workshop is to review the current status of knowledge about steady and shocked jets in various environments. The topics will be:

1. Jet Observations
2. MHD Steady Jet production and Shock-in-jet Theory
3. Radio Jets vs High Energy Emission

In addition to four invited reviews per topic, contributed paper can be presented as short talks accompanied by a poster.

SOC: S. Komissarov, A. Lobanov, M. Massi (chair), J. M. Paredes, A. Roy, M. Türler
