

Absolute calibration of LOPES30

Poster H18

Steffen Nehls, Adrian Hakenjos, Forschungszentrum Karlsruhe, Germany

- **LOPES - LOfar PrototypE Station**
30 Low Band antenna of LOFAR type
- Measurement of cosmic ray air showers in coincidence with the air shower experiment KASCADE-Grande
- Investigation of air shower parameters with an absolute calibrated antenna system

Amplification factor of antenna system dominated by bandpass filter
